

# 2000w home solar power generation price

What is a 2000W solar generator used for?

This makes 2000W solar generators a good pick for emergency home backup (fridge/lights/electronics), RVs, boats, and vans. If you usually carry several appliances when you go camping, a 2000W power station can easily power a small cooler or fridge and your lights while keeping your devices charged.

What appliances can a 2000W solar generator run?

A 2000W solar generator can power most household appliances including the refrigerator, TV, and coffee maker as well as smaller electronics like lights, fans, and devices. If it has a large battery capacity (5+kWh), it can run higher-wattage appliances like a portable AC or fridge.

How to choose a 2000W solar generator?

Most 2000W solar generators have a continuous output between 2000 and 2400W. Surge output will usually be double the continuous output (4000-4800W). The higher the output, the higher the number of appliances you can run at the same time. 2. Capacity, Type of Battery & Expandability Next, check the size of the battery.

What can a 2000W solar power station Power?

If you usually carry several appliances when you go camping, a 2000W power station can easily power a small cooler or fridge and your lights while keeping your devices charged. You can also run smaller power tools off a 2000W solar generator for an hour or two.

How much does a 2kWh solar generator cost?

A basic home 2kWh solar generator will cost you between \$1,600 and \$2,000. You could probably power a couple of appliances, keep lights on, and recharge devices with a 2kWh solar generator. Our favorite 2kWh solar generator is the BLUETTI AC200P - or upgrade to the AC200MAX, which can be extended by adding additional power packs.

Does a 2000W solar generator have a bigger battery?

Typically, 2000W solar generators have a matching 2000Wh battery. But there are exceptions. Some, like the Goal Zero Yeti 1500X, have a smaller battery while others like the Yeti 3000X and 6000X have a larger battery. The bigger the battery, the longer you can power appliances and charge electronics.
