Pashbull is the leading supplier of lithium-ion golf cart battery solutions, offering 12V/36V/48V/72V power options. Our products are the safest and most powerful alternatives available, providing less weight, more power, and zero maintenance. Trust in Pashbull's lithium-ion golf cart kits as the easy and safe replacement for lead-acid batteries.

I have an Onward with Navitas AC conversion/600a controller on the stock lead acid batteries. I'm underwhelmed with acceleration and battery life using the oem batteries and want to upgrade to lithium. I'd prefer a "plug and play" setup because I don't feel comfortable piecing together a kit myself and am unaware of any local to help.
