

Battery Pack Warranty Period

What is the warranty period for a battery?

The following warranty periods apply specifically to the USA and Canada. The warranty period is 5 years/2000 charges from the date of purchase, whichever first occurs. The first 1000 charges or 2 years of the warranty, whichever first occurs, are covered through free replacement of the defective battery.

What is a battery pack warranty?

In the event energy throughput into (or from) the Battery Pack flows to a 3rd party or whereby such energy is activated or controlled by a 3rd party, the Battery Pack warranty will be limited to 'Fair Usage' levels equal to 10,000 cycles for consumption purposes only at the installed premises.

How long is Milwaukee battery warranty?
