

China's No 1 battery separator company

How big will China's battery separators be in 2021?

According to data, the total output of China's separators in 2021 will be 7.904 billion square meters, a year-on-year increase of 112.5%, and the global market share of China's separators will exceed 70%. Here are the Top 5 battery separator companies in China.

How big was China's Lithium ion battery separator shipment in 2021?

China's Lithium ion battery separator shipment in 2021 was 7.9 billion square meters. The compound growth rate was about 54% in the past six years. The size of the global battery separator shipment in 2021 was 10.7 billion square meters.

Who makes lithium ion battery separator?

JINHUI HI-TECH is the first manufacturer in China to produce Li-ion battery separators using wet process. The lithium-ion battery separator developed and produced by the company is famous in the global market for its advantages of stable quality and high cost performance.

How big is the battery separator market in 2021?

The battery separator market was 10.7 billion square meters in size in 2021. China mainland accounted for 73.8% of the worldwide market share, which represents an increase of 15% compared to 2020. In the first quarter of 2022, the national shipment capacity reached 2.8 billion square meters, equivalent to 35% of the shipments in 2021.

Which battery separator company is still the leading player in the industry?

In the battery separator industry, SEMCORP (wet process) holds the largest market share. In Q1 of 2022, they shipped 1.07 billion square meters, accounting for 36.8% of the market share. Senior material (dry process + wet process) ranked second with a shipment volume of 360 million square meters in Q1 of 2022 and a market share of 14.9%.

Who is senior battery separator?

Senior is a battery separator company with the widest variety of products and the best quality in the global industry. Listed on the Shenzhen Stock Exchange in December 2016, its principal customers include LG, CATL, BYD, and Gotion Hi-Tech.

The chart shows the shipment volume of lithium-ion battery separators in China from 2016 to 2022, including data on wet-process and dry-process separators. In 2022, the shipment volume of lithium-ion battery separators in China reached 13.32 billion square meters, with wet-process separators accounting for 10.48 billion square meters and dry-process ...

1. PE Battery Separator Sleeve with mini rib inner and outer.
2. PE Battery Separator Sleeve with smooth

China's No 1 battery separator company

surface outer and straight rib inner. 3. PE Battery Separator Sleeve with twill rib outer and mini rib inner. 4. PE Battery Separator Sleeve with traight rib outer and mini rib inner.

The head separator enterprises are full of production and sales. Taking the 2021 annual reports of the three listed head separator enterprises in Top 5 battery separator companies in China as an observation, the shipment ...

Anpei is based on Asia but provide professional service to global customers come the key player of global battery separator industry. separator series-ANPEI ENTERPRISE CO., LTD. ANPEI ENTERPRISE CO., LTD. Home About Us Products Quality Control News Contact Us. Traditional Chinese Simplified Chinese. ISO/TS 16949 Certificate Practical business and ...

The main customers of lithium battery separators include LG Chem, Samsung and well-known Japanese manufacturers, etc. Chinese customers include CATL, Wanxiang, Guoxuan Hi-Tech, BYDs, Farasis, Lishen, Lixin, Shanghai Delang and other leading companies in the new energy industry.

CZMZ as one of the top 10 lithium ion battery separator manufacturers in China, has developed two categories of mixed coating separator products: MFS single mixed coating ...

Shanghai SEMCORP has now entered the supply chain system of most mainstream lithium battery manufacturers in the world. The company's customers include: Panasonic, Samsung, LG Chem, three global leading lithium battery companies, and China's top 10 lithium ion battery manufacturers such as CATL and BYD.
