Which cube road bike should I buy?

The CUBE road bikes in the CUBE Litening C:68X range have been designed to take you to the front of the peloton. The CUBE Agree provides top levels of performance and comfort to every ambitious endurance rider, whilst the CUBE Attain is great for long distances, with a good price-performance ratio.

What is a cube e-bike?

CUBE e-bikes are called "Hybrid", and the name says it all: CUBE engineers have produced bikes with an e-bike drive that surreptitiously boosts your cycling power. Every CUBE e-bike uses the latest drive technology from Bosch and Fazua. Cube's e-road bikes are equipped with the extremely small, lightweight and practically silent Fazua drive system.

Who makes Cube Bikes?

CUBE was founded in 1993 and is now one of the leading bicycle manufacturers in Europe. The success of the brand is essentially based on their huge selection of high-quality CUBE bikes and CUBE e-bikes for men, women and children, as well as the fact that they strive to get the most out of every CUBE bike for their customers.

What can you buy at Cube?

CUBE cycling clothing for men and women, from jerseys and cycling shorts to gloves and cycling socks through to road cycling shoes, MTB shoes and CUBE helmets, as well as bike parts and CUBE accessories, such as bike lights, saddles, handles, handlebar tape and pedals... the range available at CUBE is endless.

How many Cube E-bikes are there?

The CUBE state-of-the-art product range consists of around 350 different CUBE e-bikes, mountain bikes, road bikes, cross and gravel bikes, and city and trekking bikes.

What are the different types of Cube Bikes?

When it comes to CUBE bikes, you can choose between a variety of models. To this end, the Bavarian brand adds exact type designations to the names of their bikes, which include Pro, EXC, Race, SL or SLT, depending on the component equipment category.
