What is a power purchase agreement (PPA) in Djibouti?

AMEA Power has secured a power purchase agreement (PPA) for a 25 MW solar-plus-storage project in Djibouti. It will be the country's first independent power producer (IPP) project and is now in development under a build-own-operate and transfer (BOOT) framework.

How many people in Djibouti have electricity?

In Djibouti, only 60 percent of the population has access to electricity. There is a large disparity in access between urban and rural areas, with far more city dwellers connected to the grid than those in rural areas. Therefore, approximately 490,000 people in Djibouti do not have electricity.

Will AMEA Power Invest in Djibouti's first IPP project?

The solar plant is the country's first IPP project and will be developed under a BOOT model. "The Sovereign Fund of Djibouti (FSD) will be joining the project before financial close as a minority shareholder," AMEA Power said, without providing additional details.

Where does Djibouti's energy come from?

Most of Djibouti's energy supply, around 80%, is sourced from neighboring Ethiopia. At the end of 2023, Djibouti was among the select few countries throughout the world that had yet to install any PV capacity, according to the International Renewable Energy Agency (IRENA).

What is AMEA power's 25-year PPA for Djibouti?

Dubai-based AMEA Power has secured a 25-year PPA from Djibouti's state-owned utility, *Electricité de Djibouti (EDD)*, for a 25 MW solar-plus-storage plant it plans to build in Grand Bara, south of the national capital. The solar plant is the country's first IPP project and will be developed under a BOOT model.

What challenges does Djibouti face?

The African Development Bank Group published the 2016-20 Country Strategy Paper on Djibouti, revealing that the nation faces challenges such as insufficient distribution networks and high electricity prices. Most of Djibouti's energy supply, around 80%, is sourced from neighboring Ethiopia.

Dans l'objectif d'une concertation commune et une réflexion inclusive sur la riposte sanitaire mené(e) bien depuis le début de la pandémie par le gouvernement Djiboutien, une réunion intitulée d'abord *Sommaire Groupe Partenaire Santé*, initiée par Dr. Ahmed Robleh, Ministre de la Santé, a été lancée ce dimanche. Le lancement de cette première réunion du GPS a ...
