The 1200W portable power station combines a compact design with a high energy capacity of 1008Wh, making it easy to carry for both indoor and outdoor activities. Powered by durable and reliable LiFePO4 battery cells, it ensures long-lasting performance.

We provide one-stop service from design, research, molding, production, assemble, testing and products solution from battery cell to finished products whole complete OEM and ODM. All products have passed CE, FCC, RoHS certification to satisfy customer"s requirements. Our main products are various of solar generator, solar panel. We warmly ...

Iron phosphate-lithium power battery, more security. High battery capacity. Excellent BMS protection. Support using under wide temperature range, 6000 cycle life. Compact and portable. Support car charging.
