How do I find a good solar panel installer?

Your friends, family, and neighbours can be a great source of recommendations for local solar panel installers. Ask around to see who comes recommended. And don't forget to cross-check those recommendations on Checkatrade! Take a look at our guide to hiring a tradesperson for more advice and tips.

How do I choose a solar panel company?

If you're planning to install solar panels at ground level then the installation process will be much quicker. Once you've found a shortlist of local solar panel companies, the best way to decide who to hire is to have a chat. By asking them some specific questions you can be confident that you're hiring the right people for the job.

How do I choose a solar installer?

The solar installers you seek quotes from should also help you understand the potential energy cost savings of a solar system. This largely depends on how you finance the solar panels; with cash, a loan or by leasing the panels from the installer. The company should be able to estimate how much money you'll save by reducing your energy bill.

Should you hire a large company to install solar panels?

On the other hand, with a long-term investment like solar panels, it may feel safer to have the backing of a large corporation. Larger companies may be able to offer cheaper prices due to the volume of installations they do. When you're gathering quotes for a solar panel installation, be sure to contact local installers, too.

How do I know if a solar installer is a good company?

Check the SolarReviews Expert Rating system. We came up with our own metrics for ranking solar installers that include years in business, license, and profitability to rate the best solar companies. The SolarReviews Expert Rating gives you a more well-rounded review of a company than consumer reviews alone.

There are a number of important factors to consider when making a big financial investment such as going solar, and understanding what types of questions to ask potential installers will help you find the right company for your specific needs.

To find a reputable company in your area, you can ask friends and neighbors for referrals, check local
