

# How to repair blade batteries

How do you take care of a Razer Blade battery?

Use a Lipo battery bag, if available, to contain the laptop. Do not puncture the battery or battery cell. Do not attempt to remove the laptop's back cover or the battery. Do not discard the battery in the trash. Important: Razer Blade batteries should be replaced by an authorized Razer Repair Center.

How do I fix a damaged laptop battery?

Allow your laptop's battery to drain below 25% before starting this repair--a charged battery may catch fire if damaged. Unplug all cables and fully shut down your laptop. Close the lid and flip your laptop over so the back cover faces up. Use a T5 Torx driver to remove the ten 3.7 mm-long screws securing the back cover.

How do you reassemble a battery?

Use your Phillips screwdriver to remove the five 5.2 mm screws securing the battery. Lift the top edge of the battery from its recess in the frame and remove it. To reassemble your device, follow these instructions in reverse order. Take your e-waste to an R2 or e-Stewards certified recycler.

Can a swollen battery damage my Razer Blade?

Be aware that a swollen battery can cause physical damage to the laptop's enclosure. Any damaged components should be repaired or replaced along with the swollen battery before you continue using your Razer Blade.

How do you take care of a laptop battery?

Place the laptop away from a high-temperature environment and isolate it to prevent property damage. Use a Lipo battery bag, if available, to contain the laptop. Do not puncture the battery or battery cell. Do not attempt to remove the laptop's back cover or the battery. Do not discard the battery in the trash.

How do you remove a battery from a frame?

An adhesive strip under the battery's top left corner secures it to the frame. Use tweezers to carefully peel up the stretch-release adhesive's pull tab near the top left corner of the battery, enough that you can grip it with your fingers. Use your fingers to slowly pull the strip out slowly and at a low angle to the frame.
