The Malawi Energy Regulatory Authority (MERA) has shut down three fuel stations for selling fuel in jerry cans above the regulated prices. The affected stations are MERU in Santhe, PUMA at Gemini in Lilongwe, and TOTAL Ufulu in Lilongwe. Malawi has been experiencing a fuel crisis, characterized by persistent shortages and price hikes. The situation ...

The Kanengo Substation, already a key hub in the country's power distribution network, will now host this state-of-the-art storage system. The BESS is expected to support industries, businesses, and households by reducing energy disruptions and enhancing efficiency in electricity supply.

President Dr. Lazarus Chakwera launched the 20MW Battery Energy Storage System (BESS) Project at Kanengo Sub-station for the Electricity Supply Corporation of ...

The BESS project, valued as a ground-breaking initiative, boasts a 20-megawatt battery energy storage system, a first-of-its-kind in Africa. Scheduled to be fully ...

Malawi Energy Storage Station

The BESS project, valued as a ground-breaking initiative, boasts a 20-megawatt battery energy storage system, a first-of-its-kind in Africa. Scheduled to be fully operational by June 2025, this innovative system is designed to enhance security and reliability by storing energy during low-usage hours for release during peak demand.

The Global Energy Alliance for People and Planet (GEAPP), in partnership with Malawi's government and ESCOM, has launched a \$20 million project to build the ...

The Malawi BESS project aligns with the COP29 Presidency's Global Energy Storage and Grids Pledge, targeting a sixfold increase in energy storage to 1500GW and significant grid expansion by 2030--critical for tripling ...

first comprehensive set of energy statistics for Malawi, is so important. It is the first time we have produced a full energy balance to help us better understand the energy we use and how fuels are used together. The work presented in this report marks the start of our work to really understand energy production and use in Malawi. We need to ...

By Burnett Munthali On Monday, 25 November, President Dr. Lazarus Chakwera arrived at the Kanengo Substation in Lilongwe to officially launch the groundbreaking ceremony for the Battery Energy Storage System (BESS) project. The event marks a significant milestone in the country's efforts to improve energy sustainability and enhance access to ...
