Last week I had site visits and quotes for a full system (solar panels + inverter + battery etc) from Panta, BT Solutions, Power Solutions and Re-Energy. All technicians looked competent and honest, all offers are more or less comparable, from a total of 3500 to 5000 sthg, with grants for PV and Battery included (max total of 10200 ...

Manufacturer of battery packs: a) for mobile phone with a complete range b) OEM custom projects for all applications with a complete service from project development and design to assembly and tests. Business type: manufacturer; Product types: mobile phone batteries, ...

Investing in a battery system can yield substantial financial savings on your electricity bill. For an on-grid PV system with batteries using a hybrid inverter, we are also able to offer the option to install a Back-Up System. This system automatically detects an Enemalta power cut and switches over to back-up mode.

EVM Energy offers a wide range of expertise and in-house products, thanks to our synergy within the Abertax Group of Companies. Initially involved in the importation and introduction of EVs to Malta, we have worked on the introduction of solar energy systems and are now the representatives of the renowned IBC Solar brand of PV systems.
