

Power film capacitors are used in power electronics devices, phase shifters, X-ray flashes and pulsed lasers, while the low power variants are used as decoupling capacitors, filters and in A/D convertors. Other notable applications are safety capacitors, electromagnetic interference suppression, fluorescent light ballasts and snubber capacitors.

Film capacitors, plastic film capacitors, film dielectric capacitors, or polymer film capacitors, generically called film caps as well as power film capacitors, are electrical capacitors with an insulating plastic film as the dielectric, sometimes combined with paper as carrier of the electrodes. The dielectric films, depending on the desired dielectric strength, are drawn in a ...

Hongfa Film Capacitors include Universal Capacitor (general-purpose capacitor) and new energy capacitor (power electronic capacitor). Universal Capacitors are mainly used in home appliances, water pumps, fans, etc., to start motors, suppress interference, etc. New energy Capacitors are widely used in photovoltaics, wind power, OBC, charging piles and other fields, playing the ...

Mouser is an authorized distributor for many film capacitor manufacturers including Cornell Dubilier, KEMET, KYOCERA AVX, Panasonic, TDK, Vishay, WIMA & more. Please view our selection of film capacitors below.

The film capacitor manufacturing process for three products including plastic box, aluminum can or a customized solution (seen in Figure 2). Within this process, there are key steps to further analyze. Extruding, metallizing and cutting rolls The step shown in Figure 3 is the very start of the film manufacturing process where the plastic granules are converted into film in a tightly ...

Tai Yao Electric Co., Ltd. Founded in 1994, Specializes in manufacturing metallized polyester film capacitors, and has become a high-quality film capacitors supplier with advanced production technologies, automated production equipment, and stringent quality control systems in film capacitors. Confronted with feverish competition for market share in the new era, we have ...
