Does Interstate Batteries buy old car batteries?

We look forward to helping you make the world greener. Yes! Interstate Batteries buys old car batteries if you have 1,000 lbs. of lead-acid batteries to recycle. Fair scrap prices, easy ship instructions and more.

Can you recycle a car battery?

Recycling the lead in batteries is crucial to our car-loving society. For one thing, mining for lead is expensive and difficult to do safely. On the other hand, America has a network of lead recycling facilities, companies dedicated to safely recycling car batteries. Which makes the raw materials cheaper.

How do you store a classic car battery?

Clean and Secure Connections: Ensure the battery terminals and cables are clean, tight, and free from corrosion.
Storage Considerations: If you're storing your classic car for an extended period, remove the battery and store it in a cool, dry place. Consider using a battery maintainer to keep it charged during storage.
