

Roman battery holder connector manufacturer

Battery Connectors are designed to accommodate both the positive and negative terminals of the battery. The connectors are color-coded according to voltage to prevent mis-wiring by changing the shape so that they can be assembled with the same color or not assembled if the combination is not as intended.

Shenzhen Poding Hardware Plastics Co., Ltd, a ISO9001: 2015 certified manufacturer which has more than 10 years of experience in this industry of battery & coin cell holders, contacts & clips, fuse holders & fuse clips, screw terminals, RF/EMI shield cans, copper busbars, heat sinks, metal hole plugs, LED light pipes, and other precision electronic components and hardware.
