If you want to have your iPhone replaced because of the battery issue, you will have to pay the price of battery replacement which varies according to the iPhone model. Generally, you will have to pay more for the more recent model. For instance, the cost is Rs. 26,500 for iPhone 11 Pro/Pro Max while it's just Rs. 13,500 for the older iPhone 6 series.

For example, if you need to replace your iPhone battery, it will cost you \$99 without AppleCare+ coverage. However, if you have AppleCare+ and your device's battery holds less than 80% of its original capacity, you are eligible for a battery replacement at no additional cost. Planning ahead: how long to keep your phone and the value of AppleCare+ coverage . ...

One of the highlights of the Chea 198 is its removable Li-Ion 650 mAh battery. The standby time can last up to 160 hours, with a talk time of about 3 hours, which was quite impressive given its power consumption constraints and the energy inefficiency of early mobile networks. The removable nature of the battery allows easy replacement, a feature becoming rare in modern ...
