

Where is the International Battery Technology Exhibition Hall

What is the International battery seminar & exhibit?

Hear Directly from Leading OEMs & Battery Developers! Founded in 1983, the International Battery Seminar & Exhibit has established itself as the premier event showcasing the state of the art of worldwide energy storage technology developments for consumer, automotive, military, and industrial applications.

Why should you attend the 2024 Battery Expo?

With over 800 exhibitors and an expected 35,000 visitors, the 2024 edition spans 60,000 square meters, covering cutting-edge innovations in battery materials, lithium battery production, and testing technologies. High-level forums will also be held, fostering industry collaboration and driving the future of the battery supply chain.

Why is the International battery seminar important?

For example, Sony chose the International Battery Seminar as the platform to first announce its lithium-ion technology in 1991, an accomplishment that has since gone on to change the world. Attendance has increased four-fold since joining Cambridge EnerTech in 2015.

World's leading international exhibition for rechargeable battery, showcasing various components, materials, devices, finished rechargeable batteries for rechargeable battery R& D and manufacturing. Why Visit? You can also discover Broad range of Renewable Technologies.

Come and visit our experts at the International Battery Seminar & Exhibit! You are curious what we will present? Find out more about our exhibits below! What: International Battery Seminar and Exhibit. When: 12. - 15. March 2024. Where: ...

Tokyo Big Sight is the largest international exhibition center in Japan. As a leading exhibition business stage in Japan, we will provide our customers with "encounter" and "excitement" that will open up the future. Trade fairs & Events .
