My first stop is usually checking BatteriesPlus (or their retail store if you are near one). Or you can call Dell support and beg for the parts department and try to get them to ship you a new one (not fast, and not cheap...did it once).

You'll find great deals on replacement batteries and chargers from trusted brands like Big Crank, Odyssey, Battery Tender, and Energizer. Even hard-to-find batteries with odd shapes and sizes are no problem. From boat batteries to button cell, they're all factory fresh and ready to ship.

Shop for the best Batteries for your vehicle, and you can place your order online and pick up for free at your local O'Reilly Auto Parts.

Where can I buy aftermarket DeWalt batteries? Aftermarket DeWalt batteries can be found through various online retailers, such as Amazon, eBay, or specialized electronics and power tool websites. Many brands offer their batteries directly through their websites, allowing consumers to purchase them safely.
