Here is a 36 volt 12 Ah Lithium-ion (Li-ion) battery pack that is a perfect replacement for the old Currie battery pack (Currie part number BA-PK36-310) that was included on a new IZIP E3 Zuma electric bike.

We've rebuilt the TranzX batteries, downtube batteries found on the E3 Peak and Dash, rear rack batteries found on the Zuma, and even the less conventional seat tube battery for the Currie eFlow shown above.

Here is a 36 volt 12 Ah Lithium-ion (Li-ion) battery pack that is a perfect replacement for the old ...

Amazon : YTX4L-BS Lithium Replacement Battery Compatible with Zuma ATV Quad Scooter 50-6 Pack : Everything Else

A lithium battery pack is made up of several important parts that all work together to store and deliver energy. The main components include: Cells: These are the core building blocks of the battery, typically made from lithium-ion or lithium iron phosphate. Battery Management System (BMS): This system ensures the battery pack's safety and efficiency by overseeing the state of ...
